Training Management

TrackWise Digital®

Honeywell

DIGITIZE
TRAINING MANAGEMENT

Quality and compliance processes must be validated and maintained in accordance with internal standard operating procedures (SOPs), corporate policies and external standards and regulations.

TrackWise Digital® Training Management Solution (TMS) allows employees to complete training and maintain training records in accordance with FDA and ISO regulations. The TrackWise Digital TMS comes bundled with the TrackWise Digital platform, making it fully compliant with 21 CFR Part 11, including full audit trail and electronic signature functionality.

FOR EMPLOYEES

Allows employees to acknowledge document and SCORM–developed* training within the system and enroll in outside instructor-led courses.

FOR MANAGERS

Allows managers to seamlessly manage their own training requirements as well as the training requirements of their team with team metrics and individual employee metrics at a glance.

FOR INSTRUCTORS

Allows instructors to manage course content such as documentation and SCORM* content, as well as manage course enrollment and sign off completion of training for participants.

FOR ADMINISTRATORS

Easy-to-use interfaces allow admins to set up and manage group lists, training assignments to groups and training notifications.

FOR COMPLIANCE REPORTING

Monitor organizational training compliance with easily customizable reports.

ACHIEVE PROACTIVE QUALITY WITH TRACKWISE DIGITAL

TrackWise Digital is the premier AI-enabled quality management system. The solution's integrated modules work together to support quality and compliance and enable more efficient and effective decisionmaking to help organizations achieve proactive quality.

SCORM support available with additional subscription pricing.

FEATURES

TrackWise Digital TMS offers an easy-to-use interface that allows you to set up and manage group lists, training assignments and notifications, helping you to keep track of your team's progress with individual metrics.

Best Practice Workflows
Leverage best practice workflows to ensure that employees are adhering to company procedures and external regulations.

Salesforce Platform
Manage and support a simplified user interface across the organization, with functionalities native to Salesforce.

Integration with Document Management
Support seamless document approval and release of training with natural integration with TrackWiseDigital Document Management solution (DMS).

Cloud-Based Solution
Reduce upfront cost of ownership with a lightweight, web-accessible solution.

Regulatory Compliance
Meet compliance with each release of TrackWise Digital TMS, which includes a validation package with all of the supporting documentation.
